All Olympic qualifications for women and men will be held in combination with the Deaflympic athletes. We have special light signals that provide all necessary options and do not disturb others.

As far as it is possible, we try to offer training every day at every range. You will find the options on our timetable, which you will find on our website.

Finals will be held for every Olympic / Paralympic competition when at least 10 athletes start. The award ceremonies will take place during the day according to a special schedule, which we will announce on the official board.

When booking, each team and each individual starter agrees that we can publish official photos and videos on our website as well as on Facebook and other media.

Please note: The final booking is binding.
